Duke of Edinburgh's International Award

On May 6th-7th, 16 students undertook their practice journey for the Duke of Edinburgh's International Award. We hiked around the Cikole area, carrying out various different explorations, such as human impact on the area, and the different types of flora and fauna. We did get rained on, but the students showed what they were made of and persevered despite the weather. We had a lot of fun exploring the area, and it was a great learning experience for the students who had to carry all our camping equipment and food in and out of the area, and travel to different waypoints using a map and compass. On the 20th-21st May, we will set off again for the qualifying journey, where students will be assessed on their orienteering and camp craft skills.

Religion classes - last day Tuesday 30 May

The final day of Religion classes for Indonesian citizens will be Tuesday 30 May. To fulfil government requirements, from late August we will once again have Religion classes for those students from Grade 1 upwards who are registered as Indonesian citizens. For 2017-18, Religion classes will only take place in the first semester to allow the focus in the second semester to be on preparation for the National Exams in Grades 6, 9 and 12.

Thank you for your support of this extended curriculum. Please ask me if you have any questions.
