

A True International School in Bandung
 Bandung Independent School is a true international school in Bandung that delivers a world-class education for students looking to continue their studies abroad or in Indonesia. We deliver our program to more than 220 students in Early Years (EC1-EC3), Elementary (Grades 1-5), Middle Years (Grades 6 - 10) and in the Diploma Program (Grades 11-12).

Founded in 1972 by a group of expatriate parents looking to meet the needs of their children, BIS has since grown to serve both expatriate and Indonesian students who are looking for a truly international education. Our diversity as a community is reflected in our program as we offer the best curriculum from around the world, but within an Indonesian context in which students learn about and celebrate the host country culture and language.

We are proud to be an IB World School, offering both the Primary Years Program (PYP) and the Diploma Program (DP). This program emphasizes the development of character, attitudes towards learning, 21st Century skills, and a solid foundation of knowledge.

Through our curriculum and extra-curricular programs, we aim to inspire every learner to become skillful, courageous and empowered to participate responsibly, successfully, and with integrity in a global community.

Our Diverse Community

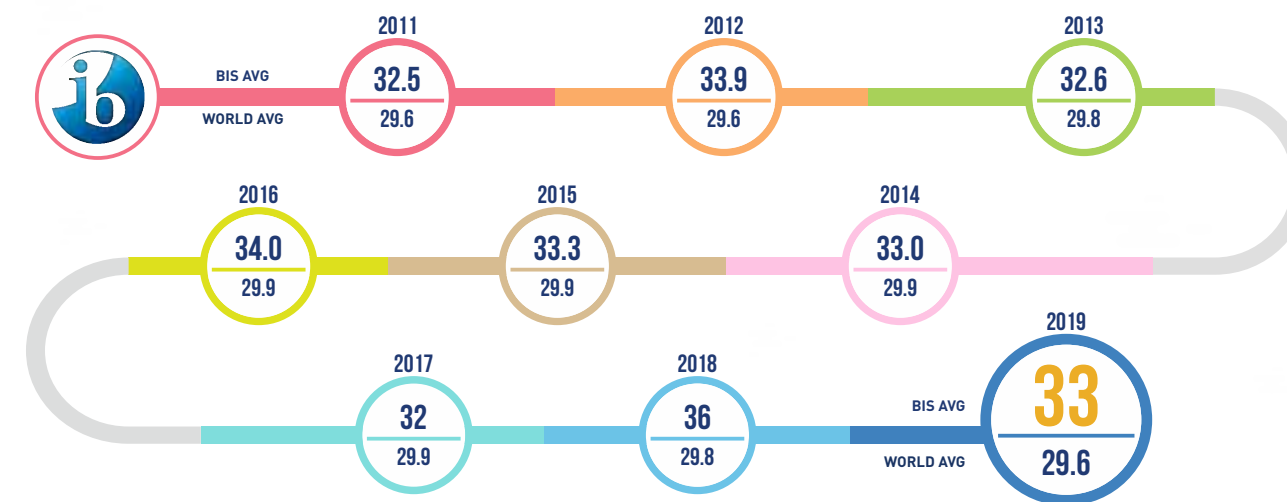

BIS is one of the most diverse communities in Bandung, serving students from more than 23 countries and almost just as many languages. Our teaching team is diverse as well, with expatriate homeroom teachers in every classroom, hailing from Canada, the United States, the United Kingdom, Ireland, Korea, Russia, and Indonesia.

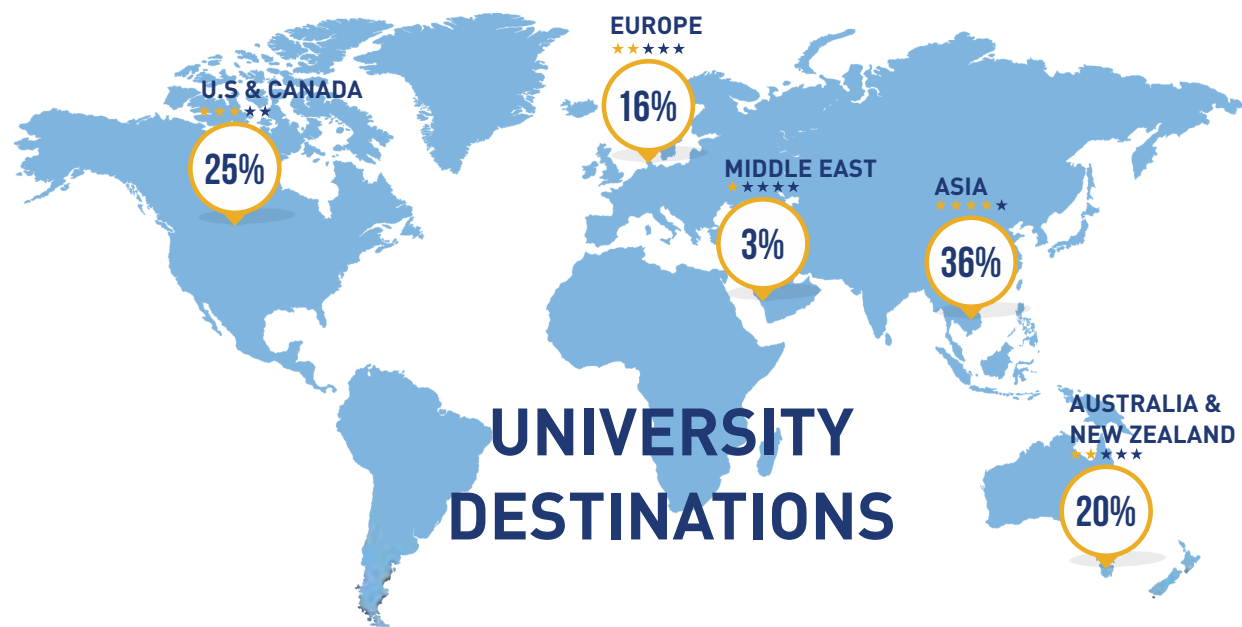

Excellent Results

Our students continually outperform the world average on external assessments, including our NWEA MAP results and our scores on the Grade 12 IB Diploma exams. It is our results that have earned us recognition as one of the top International Schools in the region.

HISTORICAL IB DIPLOMA RESULTS

UNIVERSITY DESTINATIONS

University Admissions

BIS offers the American High School Diploma and has been offering the International Baccalaureate program for 15 years. BIS graduates attend many of the best universities in the world.

Language (EAL) and Learning Support

BIS offers extensive support programs for English as an additional language (EAL) learning from Grade 1 through Grade 10. The school accepts younger students who do not speak any English, yet English language requirements per grade increase with age.

A Holistic Approach.

While we are proud of our amazing academic results, our greatest achievement is supporting well-rounding students who are involved in activities inside and outside of school, who aim to make a difference in their communities through service, and how to exhibit these values.

The BIS Community

A vital component of a BIS experience is our involved parent community. A strong bond between parents and the school enhances the lives of the students and their learning. The Friends of BIS (FoBIS) parents' association offers many opportunities for parents to get involved in school life at BIS.

We also have parent representatives for each of the country groups at BIS. These country reps can help new families get to know the city and to begin to feel at home in Bandung and at BIS.
